

Custom Fiber Optic & Electronic Cable Assemblies

LITRA UTILITIES SOLUTIONS

High-performance connectivity for a smarter grid

Robust. Rural and urban electric, gas and water utilities rely on Litra custom cable solutions to fulfill the promise of the 21st century smart grid and rural broadband expansion. As computerization of the nation's utility grid continues, Litra products allow data communications technologies to be deployed in the most challenging environments.

Reliable. From computer-based remote control and automation to delivering broadband services to rural America, Litra ensures continuous up-time for critical infrastructure. Get the industry's most reliable high-density cables, interconnects, and modular advanced reel systems for emergency restoration.

Litra offers design, prototyping and manufacturing of custom fiber optic and electronic cable assemblies for high-density, rugged utility applications.

Connecting the utility of the future.

Our rapid response team is available 24/7 to fulfill your urgent custom fiber needs with exactly what you need, when and where you need it.

Coax & DS3/DS4 Coax
